

Product Datasheet

Universal Negative Base Matrix H2420

Product Name	Universal Negative Base Matrix
Catalog Number	H2420
Description	Universal Negative Base Matrix
Tested Applications	QC Materials, Base Matrix
Alternative Names	Processed Plasma, Defibrinated Plasma, Filtered Plasma
Brand	Bioresource Technology
Form/Appearance	Liquid
Storage	-20°C
Note	This product is final formulated to the following parameters: Total Protein: 6.0-8.3 g/dL Sodium: <150 mmol/L aHBs: Negative pH: 7.0-7.6 Bioburden: <100 cfu/mL
Purity	0.2 micron filtered plasma
Source	Pooled Human Donors
